Pranjal Kokate

Software Developer

✉ kokatepranjal20@gmail.com　📞 9370189365　📍 Pune Maharashtra

SUMMARY

Highly motivated Software Engineer Fresher with hands-on experience in building web applications using Node.js, Express, React, and MongoDB. Strong understanding of REST APIs, database management, and UI/UX principles. Committed to writing clean, maintainable code and delivering high-quality software solutions.

EDUCATION

Bachelor of Engineering (B.E.) – Computer Science　　　　　　　　　　　　2023 – 2027
JSPM and TSSM's Bhivarabai Sawant College of Engineering and Research.　　　Pune, Maharashtra
Current sem CGPA: 7.45 Affiliated with: Savitribai Phule Pune University (SPPU),
Pune, Maharashtra

SKILLS

Technical skills
Java, Python, DSA

Web Technologies
HTML, CSS, Javascript, Tailwind

Stack
Mern stack

Database
MongoDB, SQL, SQLLite

Softskills
Leadership, Communication

PROJECT'S

Wealth - Your Personal Al-Finance
A full-stack FinTech Wealth Management web application that enables users to track investments, manage portfolios, and analyze financial growth using real-time data visualization. The platform helps users make informed financial decisions through automated insights and personalized dashboards. React.js, Node.js, Express.js, MongoDB, Tailwind CSS, JWT Authentication, REST API

Video Conferencing App - Inspire by Zoom
Designed and developed a real-time video conferencing web application that allows users to host and join virtual meetings seamlessly. The application enables live video, audio, and text chat among multiple participants with a focus on performance, security, and ease of use. Implemented WebRTC for peer-to-peer communication and Socket.io for real-time event handling. React.js | Node.js | Express.js | MongoDB | WebRTC | Socket.io | Tailwind CSS
